June 30, 2021:

The Saywitz Company, a national commercial real estate brokerage and consulting, firm headquartered in Newport Beach, California has announced it has expanded its brokerage division by adding two new hires to expand its business development group and its brokerage operations in Newport Beach. Michael Claro and Troy Dao have joined the Saywitz team. Michael Claro has a background in sales and marketing with previous experience from multiple real estate organizations. He has a Bachelor of Arts degree from Cal State Fullerton. Troy Dao has a background in customer service and sales and holds a Bachelor of Arts degree from UC Santa Barbara. Both individuals will complement The Saywitz Company's existing brokerage operations.

Barry Saywitz, president of The Saywitz Company noted, "We are excited about these two new individuals, and I am confident that they will be assets to our brokerage team. In this post pandemic recovery, we have a number of clients that are now in need of new or different space as they try to address their business and real estate needs on a going forward basis. These adjustments to the overall economy will have an impact on our client's real estate going forward and we believe that now is an opportune time for our clients and all companies to re-evaluate their real estate requirements. Therefore, we have made an active decision to expand our brokerage presence and to aggressively expand our client base."
